### Project

**Personal Portfolio**

A responsive personal portfolio website showcasing my technical skills, projects, and professional profile with a modern and interactive user interface.

**Stack**: HTML5, CSS3, JavaScript, React.js

Live Link: **KARTHIK PORTFOLIO**

- Developed a responsive portfolio website using React.js to showcase projects, technical skills, and professional achievements.

**Visal Furniture**

A responsive e-commerce website for showcasing furniture products with a modern and user-friendly shopping interface.

**Stack**: HTML5, CSS3, JavaScript, React.js

Live Link: **VISAL FURNITURE**

• Implemented responsive product layouts and React-based navigation to provide a consistent experience across different screen sizes.
